Anti Slavy Rooms
25 Cornhill
Boston, Sept 13th 1840.

Dear Friend,

The Board of Managers of the Massachusetts anti Slavy Society have just issued the New England anti Slavy almanac, containing a large amount of original and interesting matter from the pen of Theodore D. Weld. It is not only calculated to awaken a new interest among Freedom's warmest friends, but admirably adapted to make new converts to the cause of the bleeding & outcast bondman, as most of the popular objections to immediate & and unconditional emancipation are considered in the author's usual clear, logical & caustic style. No pains should be spared to place a copy into the hands of every family in New England. It can be done if abolitionists will resolve in their hearts that it shall be done. They should immediately set themselves about the work ~~immediately~~ before the country is filled with other almanacs. Will you send in your orders, forthwith, for a quantity to supply your region?

It should be distinctly understood that this almanac contains the matter of the Am. A.S. almanac but its astronomical calculations are adapted to New England. They will be sold for $30 per thousand. $3½ per hundred. 50 cts ~~Single~~ per dozen & 6¼ cts Single

Then are also for sale at the depository of the Mass. A.S. Society, cheap, for cash or short approved acceptances, all the anti Slavy works published in this country, together with portraits of distinguished abolitionists, - A.S. prints, - letter paper with mottoes, - Seals &c &c. The above will be sold in quantities to suit purchasers. A large discount made to those who purchase to sell again.

Libraries should be established in every town & parish. The people only want light on this subject & they are with us. They begin to manifest a willingness to investigate the subject. Abolitionists must take advantage of this & never be without some anti Slavy publication for gratuitous distribution.

Hastily yours for the
bondman's cause
Affectionately

J. A. Collins
